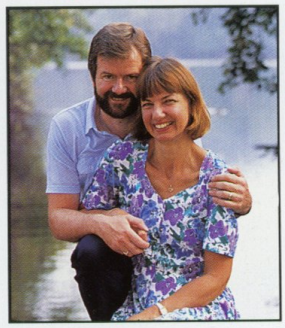
"He allows me to be myself"

Philip, a chartered surveyor from Wales, felt that relationships through work were not a good idea, but how else could he meet someone? Lindsay, a systems analyst, agreed, and after yet another Christmas on her own decided to do something about it by joining Dateline. Philip had been a member for some months before meeting Lindsay, but he was the first man she met. From the beginning it was very obvious how comfortable they were together and how much they had in common. "Initially it struck me how much of a friend Philip was – the most marvellous thing about him is how he allows me to be myself." Eventually it became obvious that they wanted to get married and as Lindsay says "We fit so well together – I mean after only 3 months I was planning to buy my wedding shoes in the sales and he hadn't even asked me then! I was going to give him a few more months then if he hadn't asked me I was going to ask him." She didn't have to, and they were married last July.

"Something made me think I wanted him there and then."

Marjorie lived almost on Richard's doorstep and when she saw him so smiling and with his lovely silver-white hair, she says "I just felt I couldn't let him go." "I wouldn't admit it to myself for a long time," says Richard, "but it was definitely a fairytale story of love at first sight. I more or less made up my mind that she was the one for me and I decided to go all out to try and win her."

Dateline



"A friend of mine said she was going to join Dateline and I remember thinking 'Oh she's ever so brave, if only I could do that!"

Finding happiness for people of all ages all over the country

Margaret's life had revolved around her son and she had been on her own for many years. Margaret finally plucked up enough courage to join and after meeting quite a few people finally wrote to Bill. Bill was concerned that as Margaret was from London "she might be very sophisticated, a bit hard and insincere," but he liked her letter very much and her, in person, even more. "I thought she was very nice, very pretty and very caring, totally different from what I expected." They met in January and were engaged by April, but as Bill says "Join Dateline – just look at us! Dateline matches you with the type of person you're looking for. If you meet people through the more usual ways you may be physically attracted but you may have nothing in common. This way there is so much we can share and we have the attraction as well."

THIS TOWN NEEDS AN EMMA!

Never in all my years as a *Mayfair* reader have I seen such a lovely, sexy and down-right shaggable girl as Emma whom you featured in all her sophisticatedly sensuous glory in your last issue. I live in Carlisle and it is not the prettiest town in Britain, though the surrounding countryside is second to none. However if ever Emma came to live in my town I know she would brighten it up immediately with her pretty smile, her gorgeous breasts and unbelievably hairy pussy!

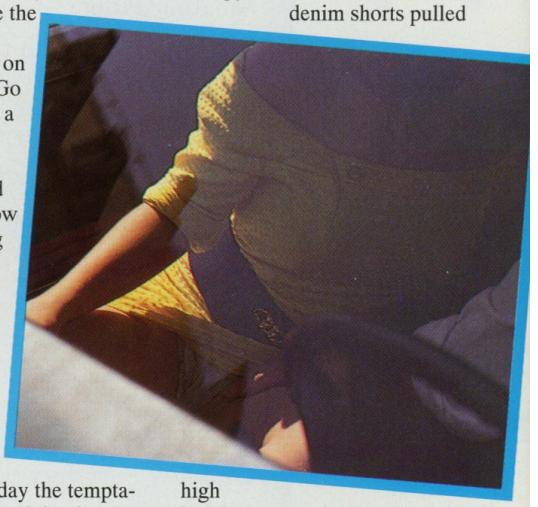
I have never seen such an amazing minge as Emma's and it made me immediately want to go down on her, licking and sucking at her most intimate part. Her treasures are hidden in the most luxuriant bush I have ever had the pleasure to come across — I am sure she must be of French extraction.

Having spent some years in Paris I came to love the way the women kept their pussies; unshaven, thick and hairy. I passed many a happy hour nose-deep in untended pubes, then shafting them till they were covered in the girl's juices. Just to run my hand through Emma's pubes, opening them to find her pink slit, would be a dream come true. In the meantime, please show Emma again and ask her to come to Carlisle soon and give me a call! — Jonathan, Carlisle

Emma says: Thank you so much for your compliments, Jonathan. I am so glad that you find my pussy so enticing. Perhaps if I am ever in your area I can give you a call and come to your house. There I could slip off my panties and you could make your dream come true by slipping your hands between my legs and fingering my bush. Heaven only knows where things might lead then...!

FAST CARS, FAST WOMEN

I'd never believed all that bull about fast cars attracting fast women until, that is, my brother-in-law, Peter, gave me the keys to his Porsche while he was away on holiday recently. "Go on, take her out for a spin and enjoy yourself. But be careful," he warned me, "you don't know what you're getting into!"



After a caution like that I was too nervous to even take the car round the block — I'm used to driving a Ford Escort, and an old one at that. But by the second day the temptation was too much and, hoping I was fully insured for Peter's dream machine, I poked the Porsche into first and left Sheffield for dead!

The car was itching to go at every set of lights, begging me to let her fly. I don't think I managed to get out of third until I got onto the moors up round Derby, where I waited till there was a bit of open road and put the hammer down. Forty, 60, 80 miles per hour in only a few seconds. I was just about to top a ton when I spotted the most gorgeous girl I'd ever seen, hitching a ride at the side of the road.

By the time I'd seen her I was already two hundred yards past her and it took me another two hundred to bring the car under control and stop. Then, checking there was nothing behind, I reversed up the road a bit, checking in my mirror to see that the girl had picked up her bag and was running towards me. I opened the passenger door and a black-haired beauty wearing a skimpy white t-shirt and cut-off denim shorts pulled high into her crotch, jumped in next to me. She tossed her bag in the back seat and said breathlessly, "Thank goodness you stopped. I thought I was going to be stranded there all day! My car broke down a few miles back and I was looking for a phone."

As I turned the Porsche around to return to her vehicle I suggested she use the car phone but, as we speeded up, the girl sank back in the bucket seat and surprised me by

MELANIE

PHOTOGRAPHS BY GEOFF HOWES

You wouldn't think a girl with a big smile, a big heart and massive knockers like Melanie has a care in the world — but you'd be wrong. The problem with Mel (38-25-34) is she's the sort of girl who knows what she wants, but doesn't

know how to get it. "Fancying a bloke is one thing; getting off with him is another!" giggles our bashful beauty with the bouncing boobs. "I can get talking to a bloke in a bar and I know he likes me, but I just don't know how to jump from being his friend to jumping into his bed."

Perhaps it's a question of body language, we suggested. Perhaps you could try making your intentions a little more obvious. "Excuse me," said Melanie, thrusting her twin torpedoes in our direction, "but what could be more obvious than winking at a guy, touching his leg and getting my tits out?" Point taken, Mel. Perhaps it's a question of the bars you hang them out in!

saying, "Your car is beautiful. I hope you don't mind, but I'd love to go for a ride in it — that is if you're not in a hurry to get anywhere..." The girl turned to look at me. "My name's Angela. What's yours?"

"Martin," I said, "but the car isn't —" But before I could finish Angela said, "I've never been in a car like this. It makes me feel horny just sitting in it!"

I couldn't believe my luck! A fast car, a gorgeous girl — what more could a guy want? I could feel Angela's arousal as I slipped into fourth and the car hit 90. Then, just as I changed down into third to take a gentle left-hander, Angela's right hand found its way into my crotch. I didn't say a word, but my breathing quickened as my zip was pulled down and my stiffening cock was pulled out. "I'm getting so turned on," whispered Angela, sliding her left hand down her shorts to finger herself. She threw her left leg up onto the dashboard and popped open the buttons on her jeans as her hand worked quicker between her legs.

All this time I was finding it harder and harder to keep my eyes on the road, particularly as Angela had now pulled up her t-shirt to reveal a pair of firm, pink-nippled boobs that trembled with the motion of the car.

Angela's hand circled my cock and began to wank me off, slowly at first, then faster. I suggested we stop for a while but my horny hitcher protested, encouraging me to go even quicker along the country roads. I glanced across to see Angela's fore-finger slip in next to her middle-finger deep inside her neatly trimmed pussy. Her soft lips were parted and moist. The juices which flowed from her filled the air with her sweet feminine smell and I knew I was going to come.

Suddenly, just as the speedometer topped 95, I shot my load. The first spurt landed on the steering wheel, the second on the dash. The rest dribbled down over Angela's hand which she then put to her mouth to lick clean.

Angela's climax wasn't far behind, her fingers plunging in and out of her open pussy making erotic squelching noises till I heard her moan slightly and her thighs clamped together round her hand.

I slowed down and pulled over at the side of the road. We kissed for quite some time and I finally got the chance to put my hand to the source of her lovely smell. "No sign of your car," I said as we broke off kissing.

"We passed it about five miles back!" giggled Angela. "You must have had your mind on something else!" And with that she grabbed my hair and pulled me down to her black-haired pussy. She managed to swivel round in the seat a bit so I could get my head between her legs, then

MONEY

Money can't buy me, love, says our City correspondent ***Alexander More...***

EC DOES IT

One girl who can't wait for things to come down all over Europe in a few weeks' time is *Mayfair*'s April. The naughty lady from our last issue has become a hit in Europe playing a variety of comic erotic characters on video and in magazines on the Continent.

"My favourite is Euro-dominatrix Ma Strict!" giggles April. "She wears seven inch-heeled leather thigh boots and a matching basque and is all ready to stamp on your quotas! She goes down well in Brussels. In fact she goes down well full stop!"

After teasing all the members of the EC, April is in a unique position to provide a kink guide to Europe from the sales of her videos and requests for photos. Her guide to the dirty dozen is as follows:

France: "Think they are romantic, actually they're rather dull. They only like lingerie."

Germany: "Adore S & M, leather and plastic! Ma Strict could be their unified leader."

Belgium: "Love being dominated. I suppose it's being so close to the Krauts!"

Netherlands: "The lezzy stuff always does well. There are a lot of dykes in Holland!"

Luxembourg: "Mud wrestling capital of Europe! No, really!"

Denmark: "Voted no to Ma Strict! Don't like kinks just good honest shagging!"

Ireland: "Haven't worked out how to use the video yet."

Greece: "We all know what they're into! Bum's the word."

Italy: "Foursomes, sixsomes, twentysomes! Their orgies are pasta joke!"

Spain: "Like outdoor sex, everyone's a son of a beach!"

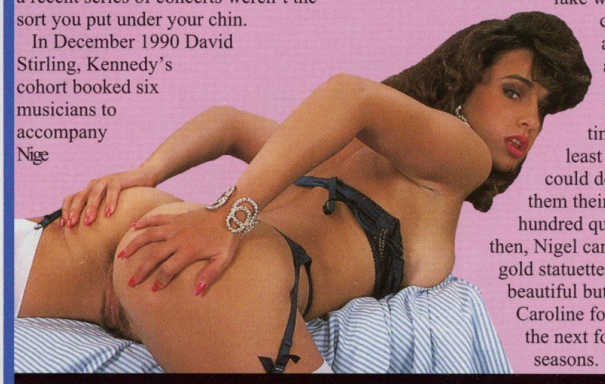
Portugal: "Enjoy a bit of bondage. Frank Bough should buy a villa there!"

TIGHT ARSE OF THE MONTH

Monster! That's how some musicians are describing Nigel Kennedy, and they don't mean it politely. According to insiders, the fiddles that went on during a recent series of concerts weren't the sort you put under your chin.

In December 1990 David Stirling, Kennedy's cohort booked six musicians to accompany Nige for four performances. They were to be paid the grand sum of £100 a show (though two would get fifty quid extra for doing solos with the mock cockney) plus £50 for each rehearsal. They were also promised £1,000 each if EMI decided to sell the video of *Kennedy — A Monster Bash* as the show was called.

Unfortunately EMI didn't sell the video or come up with the money. And neither did anyone else! Eighteen months later, the musos remain unpaid. Now classical musicians who don't dress badly, adopt silly hairstyles and fake working class accents aren't paid well at the best of times, so the least somebody could do is give them their few hundred quid. Until then, Nigel can keep our gold statuette of the beautiful buttocks of Caroline for at least the next four seasons.



SUCKERS FOR ELDORADO?

Who says *Eldorado* is doing badly? They can't get enough of it on the Mediterranean. In fact, they're lapping it up. Unfortunately for the BBC, makers of the soap that's turned into a right Spain-in-the neck, this successful *Eldorado* belongs to Unilever — it's the name they give Wall's ice-cream abroad.

So will the BBC ever get lots of lolly from *Eldorado* the series? The only hope is by selling the shows around the world (hence its Euro-cast) but even that has faded quicker than a late tan. Granada have been proving highly successful selling *Coronation Street* around the EC, and where's the latest place to accept the rival Rovers? You guessed it! Spain! Seems the only *Eldorado* they are interested in is the one with a Flake on top (and we don't mean Verity Lambert!).

MAYFAIR

Vatican City: "I usually get a good audience!"
Great Britain: "Everything! Real all-rounders! The best of the lot!"

Businessmen and women planning to move in when everything comes down later this year, take note.

ARSE NEWS

Does winning our fabulous Tight Arse award have any effect on those chosen? You bet your dollar bottom! Since getting their hands on the Golden Bum just look how these companies have mended their ways.

Kwik-Fit: Nominated for increasing their profits by 60 per cent yet repeatedly fitting exhausts for another car entirely on the Astra of Haidee Aziz, they have now compensated her. Kwik Fit gave the 27-year-old blonde a "lifetime guarantee" for her exhaust system. Just as well really 'cos she has since had to go back six times to have faults mended.

London Electricity: Only last month we complained of LE's tight-arsed habit of insisting people pay a fixed fee by monthly direct debit rather than a quarterly bill. Why? Because the fixed fee is considerably greater than the bills, and London Electricity doesn't refund the difference for a year by which time it has earned them considerable interest. Well now they have a new scam. If you can't afford the £100 security charge for electricity in a new premises, they insist you pay by meter. These days they don't accept ordinary cash but a card (like a phone card) which has to be charged up with money. Unfortunately this can only be done at electricity board shops and larger post offices entailing bus fares for the very people who can afford it least. And since they can't afford to put much in at a time, they have to travel more often... great idea, huh?

Nat West: Their tight arse award was for high charges. We've just heard of one man who was in the red by £6.50 being billed £35 and rising...

Girobank plc: Chosen for their £12 Visa late payment charge which doubles to £24 if they have to send a reminder (which is almost impossible to avoid as it is sent automatically seven days after the pay-by date, and you have to allow six days for your cheque to clear). As of this month, customers will also have to pay £12 a year extra just for possessing a Visa card.

I think they must like getting bottoms in the mail.

FUN CITY

Overheard in a City wine bar:
What's the financial capital of Great Britain?
About twenty quid.

SHARE NEWS

The FT Index closed down today (like every other business in Britain) after a bout of food poisoning. A dodgy seafood salad has caused a run on the money markets and the dealers' shortage of toilet roll has led to them holding onto soft paper currencies, rubbing off on the pound. Meanwhile Onan Masturbators are holding their own and Amalgamated Flashers say that after a period tightening their belt following a lack of consumer interest mooning is now bottoming out.

BANANA DRAMA

New EC consumer laws mean that soon bananas, which we traditionally buy from all over the world will be outlawed, and we will have to buy Euro-bananas from the EC instead. These are smaller, greener and pricier than anyone else's, but then as we all know, size doesn't matter to the European.

So far we only know of one person who is happy with the new deal. *Mayfair* model Vicky says she prefers them smaller because she can't get her lips round the big 'uns. "My boyfriend told me I should practice with something else," Vicky told us. "But now I won't have to!" Bad news all round.

MODERN MANNERS

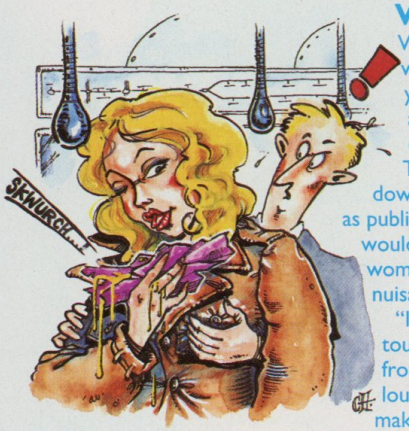
When it comes to essential etiquette there's no-one quite like ***Lavinia Garden*** *to point Percy in the right direction...*

BOTTOM LINES

A visitor from the United States recently asked me what the correct form of address was to a lady with a particularly attractive bottom. He suggested "Hiya, sweet buns!" put I pointed out that this lost a great deal in translation, and might be construed as an offer to enter into a rental agreement for cakes or iced fancies.

In fact the lady with a pert arse should be approached gently and addressed as follows: "Good evening, madam, very inclement for the time of year. I must say you are looking lovely tonight and, if I may make so bold, you could crack walnuts between those arse cheeks of yours."

VICTORIA'S LINE



Victoria from Loughton writes: "I was amused by your piece (Vol 27 No 9) about the etiquette of dealing with women on the Tube. As a regular traveller down the drains that mascarade as public transport in London, I would like to add my advice for women when dealing with that nuisance, the Tube Groper.

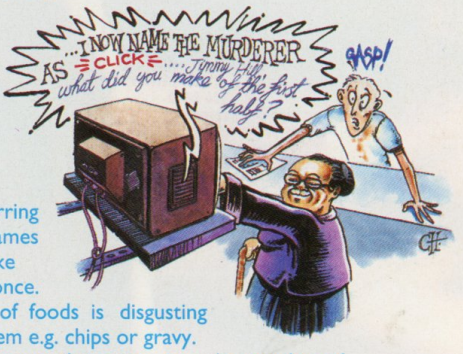
"If some prat insists on touching my bottom all the way from Mile End to Ongar, I fart loudly! If this is impossible I make a noise similar to a particularly moist one with my mouth then watch that hand move really fast! Alternatively, if some idiot derives pleasure from pushing his face close too mine, I sneeze messily. A girl friend of mine used to carry a broken egg in a hanky (in a suitable plastic bag), which she would produce with a huge attishoo. The glutinous dripping intended to simulate mucus was enough to put any man off."

In reply, Victoria, I would have to say that I'm afraid the Central Line is quite the most unfashionable on the London Underground and I wouldn't be seen dead on it! Apart from travelling through Essex, the scarlet of the route maps clashes with my eyes.

MANNERS TO TAKE AWAY

I recently upset the staff of my local Chinese take away by arriving intent on purchasing Oriental comestibles whilst sober. The charming manager of the emporium, U Wan Ka's of Putney, told me that ordering food from his establishment without first consuming 20 pints of lager was jolly bad form, and in future would I obey the house rules...

★ Observe the strict dress code of stained shirt and trousers. The "map of Africa" stain slightly to one side of the flies is de rigeur.



★ Barge to the front of the queue and lean heavily on the counter.

★ Consult the menu sellotaped to the table from two inches away changing your mind five times.

★ Summon the member of staff addressing him as Charlie Chan.

★ Order items in a loud voice, slurring most words. Do not pronounce names properly. If eating by numbers, make sure you get them wrong at least once.

★ Ensure that the combination of foods is disgusting and contains at least one English item e.g. chips or gravy.

★ Expect to be charged the first amount that comes into the member of staff's head.

★ Sway around, muttering to yourself or stare fixedly at the television.

★ Expect the ancient relative of the member of staff to change channels just when you come to the most interesting bit.

★ Drop, or better still, honk the lot in the back of a mini cab. Ⓜ

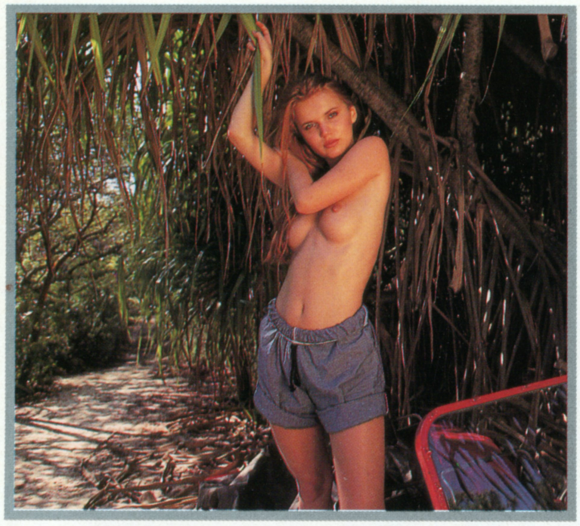
monica

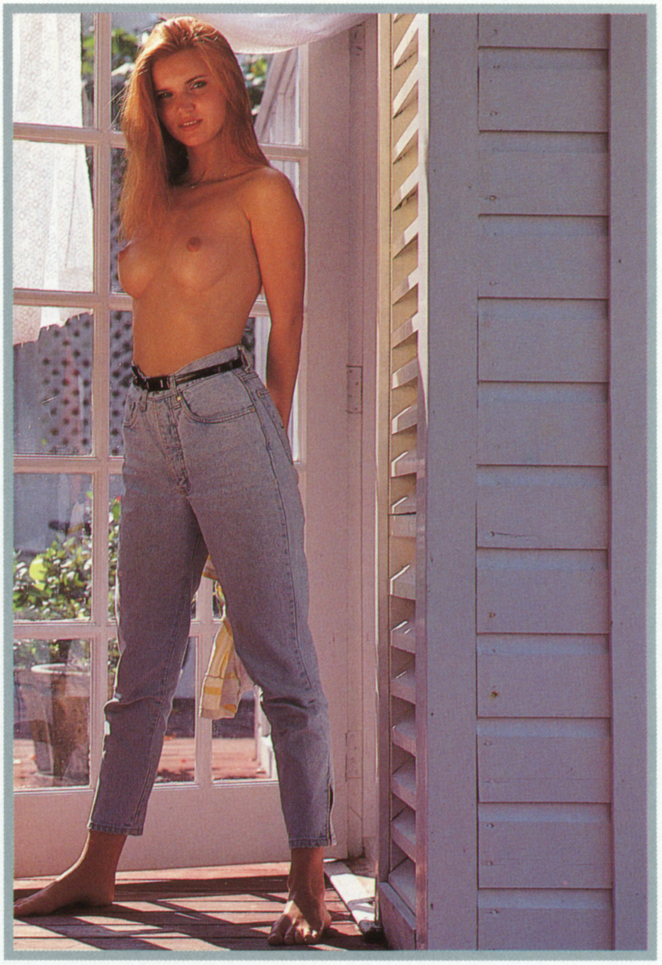
PHOTOGRAPHS BY KATE FERRIS

A fortnight in Barbados courtesy of *Mayfair* was just what lovely Monica Hanson had been dreaming of all her 19 years. And who are we to disappoint such a charming girl? "The weather was wonderful, and the beaches were amazing!" gushes the London-born illustrator (34-24-34). "Every day I woke to the singing of sea birds; every night I went to sleep with the sound of the waves rippling up the white sands. It was the most beautiful, natural, sensuous place I've ever been; a sun-worshipper's paradise.

"I could almost feel the pressure of work lifting from my shoulders as I strolled the deserted beaches, free of worries — and free of clothes. Whenever the feeling took me, I would lie down on a sand dune and touch myself, feeling the sun on my nipples and the breeze running through my pussy hair as I caressed my soft lower lips. The island brought out my deepest fantasies: I dreamed of making love in the open air; being seduced by a hunky islander; kissing the pussy of another girl, all the time slipping my fingers inside my own body...

"Even though I am back in Britain now my memories are still fresh; I feel like I have been sexually reawakened, and I am ready to explore every avenue of love-making that opens itself up to me."





AMATEUR HOUR

You too could be a porn star! Camcorders mean you can make the movie of your dirtiest dreams in your own front room. So, suggests ***Maxwell Rose****, kiss goodbye to those shagged out actors and start doing it yourself...*

It's big business in America, but could it happen over here?

Homemade porn tapes are the hottest thing in the States as couples clamber over each other in an attempt to get their amateur films accepted by a major porn chain. These firms will then edit them, package them and sell them to hundreds of outlets coast-to-coast. Within weeks of performing in the comfort of your own sitting room, your sexploits can be relived in the comfort of thousands of other sitting rooms all over the country.

The amateur porn industry is worth $35 million in the States this year alone, and with over 20 per cent of shelf space given to these domestic movies and the 'actors' getting paid $15 a minute, there is never a shortage of fame-obsessed couples desperate to get their 15 minutes worth of naked notoriety.

But who wants to see beer-swilling truckers getting it off with gum-chewing waitresses? What is the attraction of this 'real' as opposed to 'professional' porn?

"The people who buy these tapes rent amateur because they want the girl next door rather than the actress/model types," says Gary Aptaker, manager of *Homegrown*, the largest home movie company in America. "In the videos the people care about each other. I think most of them would do it even if there was no money involved. The word fucking doesn't usually come across. They're making love."

Alright. So what does the home blue movie producer need to become the new Stephen Spankberg? Not much, apparently. Just a camcorder, the obligatory tacky furniture and a randy, shame-free couple – then let the cameras roll.

With so many people doing it, there have been the inevitable spoof versions, sexy equivalents of *You've been Framed* (with titles like *White Men Can't Hump* and *Regarding Hiney*). People fall off beds, knock over cameras, get premature ejaculation and in one memorable case someone gets cramp in their bum. *Homegrown* has collected some of the most memorable bit into a bumper package called *Bloopers, Blunders and Blowjobs*.

Apparently, it's now quite fashionable to be seen dating porn stars, and as topless bars spring up all over America as *the* place to, er, hang out, porn (and all its spin-offs), is becoming more and more mainstream.

But will the new form of entertainment take off over here? Well, no, not on a "professional" basis if the law over here stays the same. All videos sold in this country have to be passed by the British Board of Film Certification, which has very strict rules about what is allowed on screen. Milder versions would be possible so long as they were BBFC approved, though with their £10 a minute charge, for once it would pay to be quick! But don't let that put you off – if you fancy making your own Before-Breakfast TV, whip out your handheld and get whirring.

Mayfair spoke to two couples who have put together home-made blue movies as part of their love-making. Here's what they had to say...

DANNY AND ROSIE GET LAID

Danny, 29, a car salesman from Coggeshall in Essex reveals his greatest movie moments with his wife Rosie, 25, a shop manageress

"It was the best present I've ever had. My Sony Hi-8mm video camera has been everywhere with me, and in the bedroom, it really comes into its own.

"At first my wife was shocked. 'You're not bringing that stupid thing to bed are you?' she whined, but she soon felt flattered by all the attention. She loved flirting at the camera, then slowly stripping off. She said it was even better than doing it just for me — I didn't know how to take that!

"We started by trying to film ourselves screwing in bed but actually that was the most disappointing. I didn't enjoy seeing the screen filled with my spotty bum going up and down! The only good way to film sex was in the doggy position, with the camera on a tripod, and doing it three times with the camera in different positions then editing them together. That's a blue movie masterpiece!

"But filming foreplay has proved a bigger turn-on, 'cos we can watch that before going to bed and actually doing it. Rosie's seductive stripteases to music always gets me hard, and she loves the one where I lick chocolate sauce off her tummy, nipples and fanny in glorious close-up.

"I filmed that holding the camcorder myself with a light mounted on top, then very slowly panning up her body, later cutting in shots of me licking the stuff off. It sounds contrived, but actually it was rather exciting. Rosie was seeing bits of her on the monitor she'd never seen before, and when I started fingering her fanny she went wild!

"Neither of us ever watch ordinary blue movies, but the tapes of me licking Rosie or Rosie giving me a blow-job are a real turn on and get her moist, ready for the real thing. Rosie's no exhibitionist but she's told me that she'd quite like other people to see our tapes because we're both so genuinely turned on and obviously love each other and what we're doing. At least one of our neighbours has suggested a video swapping session, and it would be fun seeing what they get up to.

"But what we really want is some guy to film us who knows exactly the sort of thing we're after, then he could zoom in while we enjoy ourselves. Any offers?"

BOB, HUGH AND KATHY TOO!

Bob, 30, a printer from York, made his dirty video debut with his naughty neighbours Hugh, 32, a shop keeper and his wife Kathy, 27

"When Hugh invited me round to watch his home videos one evening I was expecting to see Kathy on the small screen — but not with her clothes off!" recalls Bob, whose friendship with his neighbours, Hugh and Kathy lead to his first ever threesome. "I'd seen Kathy topless before — you know, sunbathing in the back garden, and I knew she wasn't the shy type. We'd have conversations over the garden fence knowing full well I could see her boobs. But then when Hugh pressed the Play button on his VCR and said 'Tell me what you think of this' my mouth just fell open. There was Kathy, cavorting about on the bed with only a pair of red panties on!"

"I could tell Bob could hardly believe his eyes and I had to stop myself from giggling when the bit came where I whipped off my knickers and began to play with my pussy," reveals Kathy now. "I'd wanted to get Bob into bed for ages and Hugh and me thought showing him our home videos would be the perfect way to start the balls rolling."

"Yes, as soon as the video was over I noticed Bob still hadn't said much, so I turned to him and asked him if he'd like to help us with our hobby and co-star with Kathy in our latest production," remembers Hugh. "I explained that the camera was already set up in the bedroom, and if he wanted to he could go upstairs with Kathy and warm up a bit before the filming started for real."

"Well, it's not the sort of opportunity you get twice in one day," laughs Bob, "so I took Kathy up to her bedroom. Hugh had set up his video camera on a tripod and all the lights in the room were on."

"It didn't take much to get Bob going — his stiffy was so big he could hardly take his underpants off! I stripped down to my bra and panties as we started to get to know each other's body. Bob's dick is much thicker than Hugh's. I spent ages caressing it before taking it into my mouth and sucking him."

"Then, while Bob was getting the treatment from Kathy, I crept in and got the camera going. It was good because there were no awkward starts with people not quite knowing where to look," says Hugh.

"Things were going so fast I wasn't even aware that Hugh had started filming us until he asked me to move my hand away from Kathy's mouth so he could film my cock going in and out!" says Bob. "I was really getting into it — I hadn't had sex in a while and the extra excitement of being filmed brought me close to climax very quickly, so I suggested Kathy lie down for me to fuck her."

"I remember looking straight at the camera at this point, grabbing Bob's cock with one hand and opening my pussy lips with the other so it slid straight in," reveals Kathy taking up the story. "We bucked around like crazy, nearly falling off the bed as Hugh asked us to try different positions. Then, just as I felt myself come, Bob pulled out and spunked all over my tits."

"That was all as I could take," says Hugh, who left the camera running and got stuck into the action himself.

"Although the camera didn't catch everything," says Bob, "you could see all the best bits. Because Hugh used a tripod the camera work was pretty good, and he didn't overdo it with the zoom either — though he did get some good close-ups of Kathy fingering her pussy. Then, after we'd showered, we stuck the video on and watched our sexcapades all over again. I thought I performed quite well, considering. But I must admit Kathy was the real star of the show with her boobs all covered in come. She wants to get another girl involved for the sequel!" M

HOW TO FILM FILTH

Buff Films producer Bill Shipton's cum-corder tips

The girl isn't the only thing that should be mounted — so should your camera. Put it on a tripod. It's difficult to hold a camcorder still when you're not getting a blow-job, and impossible when you are. Constantly wobbling shots are very tiring to watch.

If you want to take part yourself, set up the camera on a tripod, and make sure you are both in shot (with a monitor if necessary). Afterwards, film some "cutaways" (close-ups of faces, heaving boobs etc) you can edit into the action later to break up the long shot.

If you are doing the shooting (that's behind the camera, not over the blankets) tempting though it is, don't zoom in and out on those important little places all the time. Watching it afterwards will make you seasick.

Do it with the light on! Whilst most camcorders can film in low light, the result will be grainy and any edited copies grainier still.

Don't use saucy red lighting or backgrounds. VHS tape doesn't like red and the colour breaks up in low light or if you've copied the tape once or twice.

Sound on most camcorders is pretty awful. Putting the mike close to the bed will help, but frankly you are better filming your activities then dubbing on a music background.

Don't get too steamy! High humidity (above 80 per cent) fucks up video tape!

Do buy one of those editing consoles. Even the greatest performance improves with some slick cutting. But don't try and use all the fancy "wipes" and "fades" on one tape.

Don't try and sell your masterpiece! This is illegal without certification, and the BBFC won't certify anything with actual sexual intercourse. If you fancy trying your hand at "soft porn" (something like *Electric Blue*) then submit your tape to the BBFC (they charge £10 a minute of recorded time). They'll give you a Black Card like you see at the beginning of feature films, then you are free to sell it anywhere (so long as your tape is rated 18 — 18R tapes can only be sold in sex shops).

Keep your out-takes. It won't be long before some Jeremy Beadle clone will be presenting *You've Been Fucked!* featuring the cock-ups from your home vids and paying £250 a time for them!

Wendy from Redruth in Cornwall admits to a prediliction for older men. Her first boyfriend, she says, was fifteen years her senior! Now, at the tender age of 21, our quietly spoken advertising sales girl (36-26-37) is on the look-out for a 40-year-old. "A man with a lot of living behind him; a man who's travelled a bit, seen it, done it, and, on occasions, even slept with it!" laughs Wendy, her shyness lifting along with her dress to expose a bubbling, sensuous personality and a perfectly round bottom. "I want a man who'll take me to bed and use all his years of experience to make love to me — and his willy too, of course!" Just stick to the older men, Wendy, and leave the jokes to us! Ⓜ

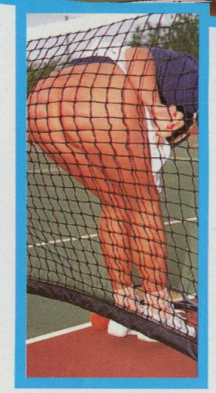
she ground that lovely minge right into my face till she came again all over my tongue.

Later, I turned around for the second time that day and finally told Angela that the car wasn't really mine at all, but my brother-in-law's. But that didn't bother her a bit. Instead she opened her legs again, spread her pussy lips with her fingers and said, "Well we'd better make the best of it before he wants it back, hadn't we?" And needless to say we did! — Martin, Sheffield

COURT AT IT

My girlfriend is very sporty, and she's got the kind of body that looks terrific in tight shorts and leotards — sometimes I think that's the main reason she's into it!

Her latest craze is tennis, probably because she knows how great those little skirts make her legs look. I don't mind all the guys staring at her though, so long as I get to take her home and screw her after a match!



Cheryl loves to tease me by wearing really skimpy panties so that every time she goes for a high ball, she shows her cute bum off to everyone watching. It has been known to put her opponents off their stroke, so she reckons it helps her game! The sight of her tanned bottom, barely covered by a tiny lace g-string, has reduced more than one guy to a total gibbering wreck. As for me, I'm usually so excited by the time I get to take her home that I can hardly drive straight.

One night we were at the tennis club and the place was virtually deserted. There were only two other couples there, and as Cheryl didn't have a partner I agreed to practice with her. Normally I'm just a spectator, but I found the physical exercise quite arousing — especially as Cheryl was running around on the other side of the net looking totally gorgeous. I definitely got the impression I was in for something special that night!

"Hey Charlie, I'm getting hot!" she stage-whispered to me. "I've got to take something off!" With that, she pulled her skirt up to her waist and wriggled right out of her panties!

I looked around anxiously to see if anyone had noticed, even as my cock was swelling in my shorts. The others were all far enough away that they hadn't seen, though.

"C'mon, I thought we were playing tennis!" Cheryl yelled at me, grinning as she saw the bulge in my shorts. For the next fifteen minutes or so she drove me crazy, bending over to pick up balls right by the net so I saw her smooth, naked bum tantalisingly close. A couple of times she lifted her skirt up just for the hell of it, to flash me her neatly trimmed blonde pubes. And then the other couples left the court...

Quick as a flash Cheryl leapt over the net and knelt down in front of me, tugging down my zip.

"Cheryl," I moaned half-heartedly, "we can't do this in public!"

Firemen in Chester were hailed as heroes by a local pensioner whose cat had been rescued after being trapped in her chimney overnight. Her happiness was short lived however when on leaving to head back to the fire station the fire engine ran over the cat they had just saved. *The Times.*

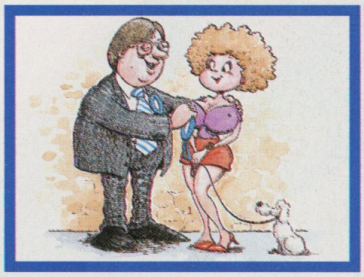
JOBS FOR THE BOYS

Not all work makes Jack a dull boy — for some, business and pleasure are bed-mates and the perks are pink. ***Mandy Jasper*** *reveals the best positions on offer...*

Financial Adviser

Rich girls can't get enough of it — advice that is. Though this advice can take many forms: from helping to fill out complex tax returns and aiding with investment plans to doing a spot of right royal rogering and sucking your topless client's big toe on a sun-lounger in the south of France.
Perks of the job: all-expenses paid breaks on the Med.
Pitfalls of the job: blurred holiday snaps.



Politician

The most remarkable advantage a politician has over all other men is that no matter how disgustingly ugly he may be, horny girls half his age will drop their drawers for him faster than he can say "There is no truth whatsoever to these filthy rumours, but yes, I did shag her. My wife and I were separated at the time — she was at the shops and I was in the bedroom screwing."
Perks of the job: sexy secretaries on tap and Virginia Bottomley.
Pitfalls of the job: having John Major stand by you.

Rock Star

The connection between singing and sex is as old as Mick Jagger: you might have a voice like the Cadbury's parrot, a spotty chin and a severe dietary problem, but if you've got the balls to stand up in front of a few punters in the back room of a pub in Peckham, there's at least five hundred girls out there who want to suck 'em.

Perks of the job: the older you get, the younger the girls get who want to bed you.
Pitfalls of the job: your girlfriends can't get served down the pub.

Sportsman

It's common knowledge that some of the world's best sportmen get fucked all the time. Look at Paul Gascoigne, for instance. Sportsmen may not be the most intelligent blokes in the world, but who needs brains when your bank balance reads like an overseas phone number and your middle wicket is bigger than the Olympic torch? But not all sportsmen lead a life of non-stop sex with gorgeous girls admiring your ball control from the touch-line — it's a well-known fact amongst football fans that Gary Lineker has never got stuck in. Though we understand he has scored once or twice...
Perks of the job: sitting next to Tracey Miles on *A Question of Sport*.
Pitfalls of the job: permanent groin strains.

Male Stripper

On the surface of it you couldn't hope for a better career than a male stripper. In what other work could you be the only bloke in a room full of desperate women all trying to get their hands on your wares, apart that is, from the manager of Marks and Spencers during the January sales? I interviewed an exotic dancer performing with one of Britain's leading all-male dance troupes who told me that every night he had "the choice of over sixty girls in the audience". I must add, however, that after witnessing his undeniable success myself, I may have misheard him above the loud disco music. I now believe that he in fact boasted "the choice of girls over sixty in the drunken, spitting, cat-fighting scrum that call themselves an audience".
Perks of the job: the male stripper is bombarded with so many pairs of panties during his short career that on retiring he can easily open his own lingerie shop.
Pitfalls of the job: spotting your mother in the audience — sitting on your granny's shoulders!

Thespian

Though the knocking opportunities of an actor are second to none, you are only as successful as your last part. A leading role in a big blockbuster can lead to a big bollock-busting roll with any number of budding actresses and fawning fans. But a flop can destroy your sex-life overnight!

Getting a few good bedroom scenes behind you can also help you get on, especially if your co-star happens to be Madonna. Whispering sweet nothings and wheeling out the obligatory "Of course I love you" lines comes so easily to the actor that he soon has girls eating out of his pants. Yes, when it comes to treading the bawds an actor is hard to beat!
Perks of the job: you can shag anyone you like and when you get caught just say that you were researching a few new parts.
Pitfalls of the job: girls saying "It looks a lot bigger on telly".

Emergency plumber

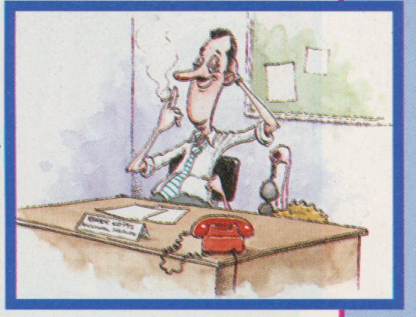
The latterday equivalent of a knight in shining armour, a 24-hour plumber spends his life rushing to the aid of damsels in distress. How can they help being grateful? Once he's sealed her leak and given her pipes a good run-through, she's often so relieved that the cuppa-cop off-copulation sequence is inevitable. You're the hero who's saved her precious Axminster from a bog's worth of raw sewage, and nothing is too much trouble.

Many calls, though, are not genuine emergencies. They're from bored housewives whose husbands are out all day, or off on business trips. In cases like these, emergency plumber etiquette dictates that you should merely fiddle with her faucets, explore her u-bend and then charge £150 plus VAT for the privilege.
Perks of the job: watching women test out the shower to see if you've mended it properly.
Pitfalls of the job: husbands who can fix her pipes themselves and don't need any help from you, matey boy.

Personnel manager

It's amazing what people will take off in order to be taken on. As men and women are equally represented in this field these days, both male and female interviewees find themselves expected to show more than their cv's when they apply for that all-important job.

Of course, a good personnel manager will never make improper suggestions to a member of staff. But then, they don't have to. Knowing that you're the one who decides if they get a pay rise has an incredible effect on your colleagues' libidos – and, of course, they'll leave it up to you to decide their position.
Perks of the job: beating your boss to the best looking girls.
Pitfalls of the job: just as she's straddling your tongue, finding out that the girl has been for three interviews already that day! Ⓜ



Charley

If you're thinking what we're thinking, then you're definitely developing a taste for what's between 18-year-old Charley's lovely long legs. "It's funny how men notice these things," says our pert-breasted shop assistant from Sheffield (34-24-35), "but you're not the first to

compliment me on my pussy. Not that many men have seen it! I've only slept with a couple of men, and only one of them properly. Girlfriends have said how sweet it looks too — one even asked me if I'd cut hers the same way. I didn't mind, though I was a bit surprised at how sexy I felt when I was doing it!

"Nobody's around," she mumbled through a mouthful of dick, "and anyway, I know you're as horny as I am."

Well, I couldn't argue with that, as my erection was nudging its way to the back of her throat. She sucked enthusiastically for a while, then bent over the net for me to eat her out. By then I was in no mood to argue, and I spread her legs wider so my tongue could probe right up inside her sticky cunt.

After she'd come loudly a couple of times, she pushed me onto my back on the court and straddled me, sinking down onto my rigid cock a little at a time until the whole thing was inside her. Then she started humping vigorously, working herself up and down on my pole, her hands up under her top squeezing her boobs. As she came hard I felt my load surge up into her.

"Game, set and match to the energetic young lady!" I heard someone say, and looked up to see the caretaker of the club watching us with a big grin on his face. I went bright red, but Cheryl just laughed — I reckon she knew he was there all along!

We've had a few funny looks from people at the club since then so I think word of our on-court exploits must have travelled. And an awful lot of people have been asking us if we fancy a game of mixed doubles... — Charlie, Sevenoaks

BRIEF POINT

As one of those rare creatures, the female *Mayfair* reader *(Not that rare, actually — The Editor)* I was astonished by the results of your poll in *Our Survey Says*. Suggesting that women's favourite underpants for men are Marks and Sparks briefs is just absurd. Their five packs in bland colours and dull old cotton are a huge turn-off. I like sensual fabrics even on a man and it has to be silk or satin or I'm not interested. In fact, I really like men in women's knickers! Nor am I turned off by men in leather g-strings. Presumably your surveyed women only know guys with flabby arses! Some warm leather against my fanny and I'm hot treacle inside. But I guess my tastes have always been more S & M than M & S! — Polly, Birmingham

The Editor says: Firstly I would point out that the results published are the combination of other people's polls rather than our own. However, I'm glad you like men in ladies underwear. My girlfriend isn't so keen. Perhaps I should leave the bra off.

You'll have to excuse Richard — he smokes like a chimney

BOX OFFICE

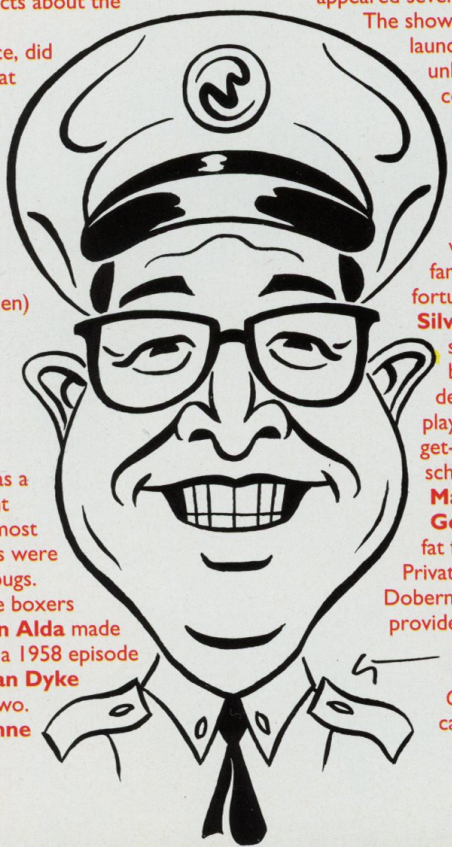
What's going on and coming off on stage and screen with our reviewer, ***Albert Hall***

WHO'LL PAY THE BILKO?

It's a scam worthy of the unscrupulous sergeant himself. CBS Television is releasing episodes of **The Phil Silvers Show** better known as *Bilko* on video. The tapes sell at £10.99 and contain the shows from the 50s TV series.

But who is going to pay 11 quid for shows that have been repeated so often on television? Every fan must have the lot by now anyway! However, CBS have marked the launch of these tapes with some interesting facts about the cult series.

For instance, did you know that the *Bilko* set was populated almost entirely by the boxing fraternity? **Jack Healy** (Private Mullen) was **Rocky Graziano's** manager, Private Dillingham (**Walter Cartier**) was a middleweight fighter and most of the extras were New York pugs. Not all were boxers though. **Alan Alda** made his debut in a 1958 episode and **Dick van Dyke** guested in two. **Fred Gwynne** (alias Herman Munster) also appeared several times. The show even launched an unknown comedy writer called **Neil Simon.** Few others went on to fame and fortune. **Phil Silvers'** next series bombed despite playing another get-rich-quick schemer. **Maurice Gosfield** (the fat fall guy Private Doberman) provided the voice of Benny the Ball in *Top Cat* (a cartoon series that parodied *Bilko*) then went back to his prior obscurity. Almost everyone in the series is now dead. Could that be why they've finally released the video?



WHERE ARE THEY NOW?

Whatever happened to **Isla St Clair**, sweet wholesome hostess to **Larry Grayson** in the 80s version of *The Generation Game*? The more macho of the two presenters turned up on a few folk shows strumming a guitar and then disappeared.

Well unfortunately Isla found her husband was not as innocent as she was, and had his "name in the frame" for various drug offences, thoughtfully reported by the tabloid press at the time. So the pensioners' favourite granddaughter went into hiding.

But now she's allowed herself out and is back to appear in panto in *Aladdin* at Hastings' White Rock Theatre. Sorry, snorters, despite the far eastern connections this is not a panto where you can "score on the door"!

CAUGHT OUT

Spotted recently in Oxford Street was former Page Three girl turned magician's assistant and lamentable talk show hostess, **Linda Lusardi.** Linda was minding her own business when three builders started jeering, "Hello, Linda. Come over here, darling! Cor, we'll have some o' that!" etc. Being married to a fellow brickie, the cement heads held no fear for La Lusardi who simply strolled over to them for a quick chat.

"Hi guys, how's it going? Trust you're working hard..." she continued casually. The builders became stammering wrecks. All mouth and low-slung trousers, I fear.

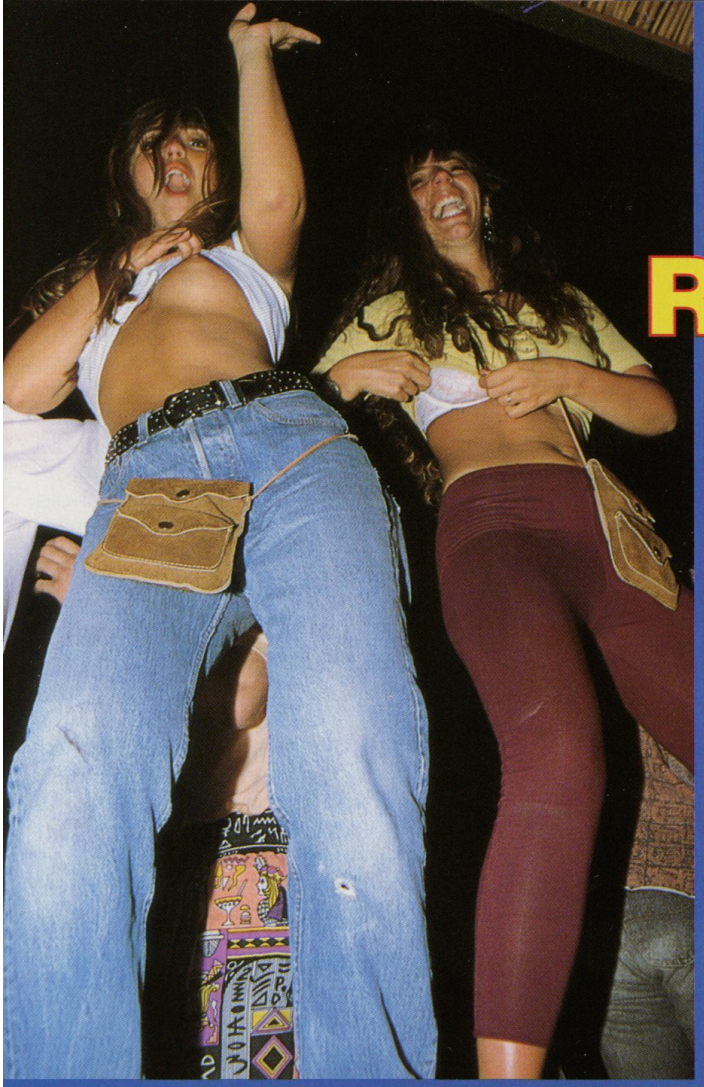
COPPOLOAD OF THIS!

So you thought you had financial worries, wait till you hear about this guy's! **Francis Ford Coppola**, creator of *Bram Stoker's Dracula* starring **Anthony Hopkins**, is rumoured to have debts of around $24 million!

The debt comes mainly from his 1982 film *One From the Heart* which cost $27 million to make and grossed around 35 cents. *Dracula* is expected to do better, especially with Anthony "liver and fava beans" Hopkins at his bloodsucking best. Even so FFC reckons he's got his little money problem in hand. He's put it all on his Visa card!

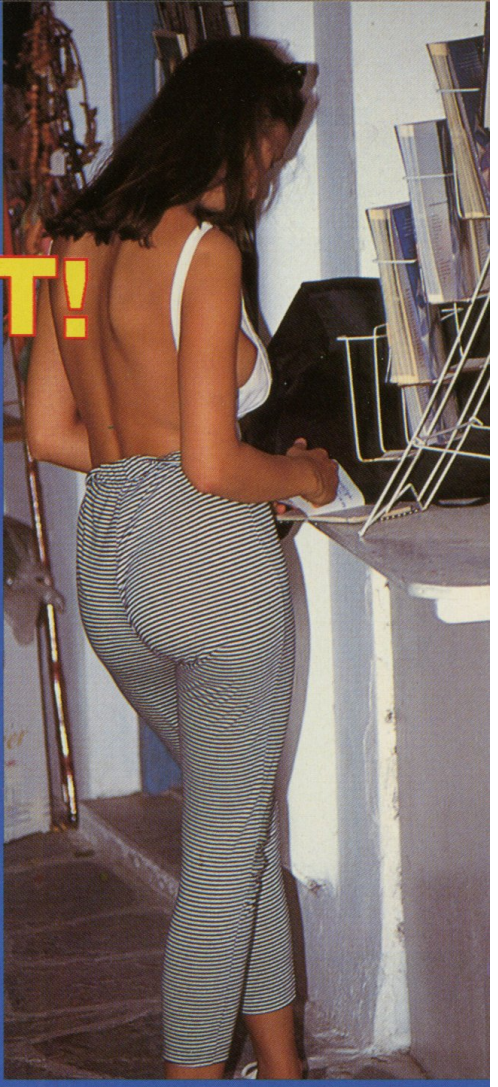
AND FINALLY...

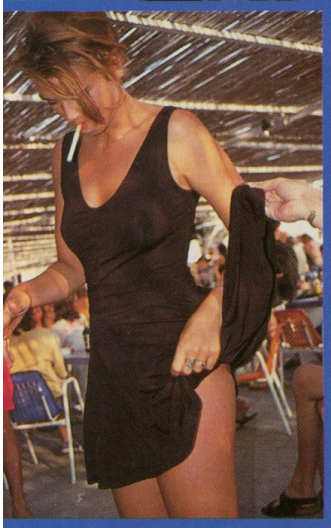
Woody Allen is releasing a new film for the Christmas market. it's called, *Honey, I Shagged the Kids.*

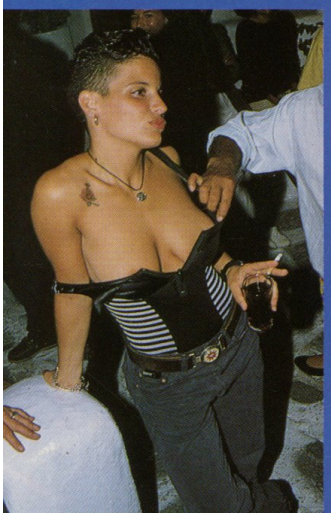


THE LUST RESORT!

The women on Majorca don't behave like what they oughta! When these game girls aren't flashing their fun-bags on the beaches, they're providing quick peeks of their pert parts around the town. And in the discos, the San Miguel caps aren't the only tops to come off! It's a voyeur's paradise. See you there!







THE LOVER IN ME

Nella was so taken by *The Lover*, the controversial film starring pretty Jane March, that she insisted her latest appearance in *Mayfair* should be photographed in the style of 1992's most erotic movie. "I loved the innocence of the main character and the way she gave herself up totally to the pleasures of sex. I could really identify with that from my own experiences as a girl," says 20-year-old Miss Meredith (34-22-35) from Battersea. "I had heard the rumours surrounding *The Lover* — some reports claimed that the sex scenes were much more more than mere acting! — and I must confess that the feeling I got between my legs told me that I was definitely watching two people make love for real.

"I wanted my own pictures to reflect the mood of innocent sensuality that the film shows so well; to convey the feeling of a girl in the first bloom of her sexuality. I hope they make you feel as naughty as I did when they were taken."

Barry Norman, eat your heart out!

years, milkmen have been renowned for their success with horny housewives, and all us Royal Males have had to represent us is Postman Pat! We don't all have bulbous red noses and pebble lens glasses, you know!

I've been a postie for ten years and found plenty of bored housewives wearing nothing but naughty nighties coming on strong as I've offered to pop something through their slot. One lady in particular (I shall call her Isobel) was responsible for more hold-ups with the deliveries than any amount of strike action by our union. One regular used to joke that there should be a sign on her gate saying, "Beware of the Shag"!

Isobel's problem was that she was lonely, and would sit watching out for the postman as he came up the road. Then as he walked up her garden path, she would open the door and stand there in nothing but a short black nightie that

was more transparent than cheap double glazing and try and get you to pop in for "a cup of tea". No amount of hiding or hurrying to get the post through her letterbox would defeat her, she'd always be there! Did I ever succumb to the offer of liquid refreshment? I'm afraid so.

Call me naive but I thought she only wanted a chat. But when she took me straight into the kitchen and sat me down, there was no sign of a teapot! Instead, she slowly undid her wrap-over nightie and

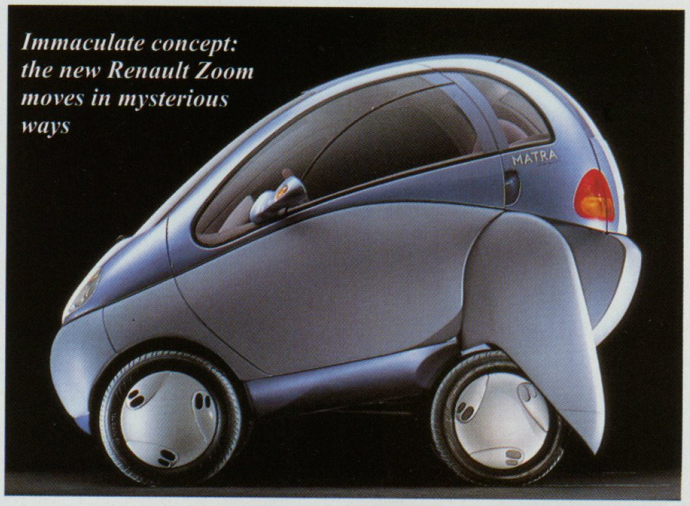
TORQUE TALK

Motoring correspondent ***Hugh Laver*** *reveals Renault's answer to the age-old question of size...*

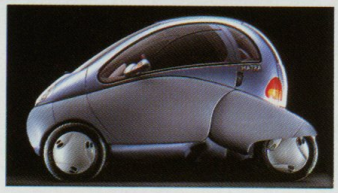


Immaculate concept: the new Renault Zoom moves in mysterious ways

Zoom, the latest Renault concept car, is a cracker. A tiny teardrop less than nine feet long, it's the world's first shrink-to-fit electric town car. When it comes to tight parking spaces the teardrop implodes, the wheelbase contracts, and the car shrinks down to less than seven feet long. It's also fast for a plug-in jobbie — 75mph — and has a turning circle of just 21 feet — that's a five pence piece in new money! More to the point, it's got style at a time when most electric cars still look like milk floats.

There's a new hotshot from Toyota too, a fast and elegant coupé called the *Levin*, Bernard to its friends. It has a hi-tech 1.6 litre engine with *five* valves per cylinder, 160bhp on tap, and just the kind of looks to blow the Mazda *MX-6* out of the water. And guess what? They're not sending any over here, instead we get a bland new *Corolla*. In fact we get nine different versions but without even a GTi in the line-up, they're all boring. Not that Toyota give a damn — with 20 million sold worldwide, it's already the best selling car on the planet.

For those of us who would rather die than drive a *Corolla*, good acceleration is obviously important. But would you pay an extra 20 grand to shave one-tenth of a second off your 0-60 time? That's the difference between the Mercedes *500SL* (155mph, 0-60 in 6.2seconds, £71,500) and the new *600SL* (155mph, 0-60 in 6.1seconds, £92,000). Despite being one of the smallest Mercs it is the most expensive, and one of the heaviest — somehow tipping



the scales at an incredible two tons! Environmentally, that makes it about as friendly as Hitler with a headache — around town it can't even manage 14 miles per gallon.

Surely a quicker way to waste 20 big ones would be to follow the recent example of one Fleet Street motoring correspondent. Given the chance to drive the 'world's fastest' production car, the new Jaguar *XJ220*, *The Guardian*'s John Samuels climbed into the £415,000 monster and set off at break-neck speed. Just as he broke the sound barrier, the hapless hack pushed his right foot hard down on the loud pedal, and then selected the wrong gear — whoops! — causing the screaming engine to abandon its post, causing £20,000-worth of damage.

Still with Jaguar, recognising that a shiny wooden dashboard is no longer the last word in technical innovation, the old cat has at last learned a new trick. The leading loss-maker of outdated cars has unveiled plans for a new 3.2 litre V6 said to deliver in excess of 350bhp. The company says it will be smaller, lighter and smoother than a conventional engine because it's a two-stroke. Mind you, so is the Trabant.

Good news too for Bugatti — their *EB110* is no longer the World's Ugliest Car. That title has been snatched by Lamborghini's new and goppingly awful *Diablo* drophead. The bad news is that it will be available in this country, providing, that is, the factory has enough men left to build it after laying off a quarter of the workforce. Meanwhile *Diablo* designer Marcello Gandini has flown off to unveil his latest creation — the *Elisport CH-7*. Said to be the world's smallest helicopter, it sounds a lot more bovver than a hover — nothing would get me up in a single-engined helicopter fitted with the kind of 600cc motor found in a fly-mo.

With a couple of hundred horsepower under the bonnet, the new Rover *200 Coupé* promises to be the company's most exciting car yet. But then that's not saying much, is it? Indeed only one model generates much enthusiasm — the *Mini*. That's right: all that stands between Rover and a reputation as Europe's naffest car manufacturer is a 30-year-old design for an inner-city runabout. Pathetic, isn't it?

In fact the sooner Rover Group gets sold to Fiat the better. (In 1994 perhaps. Remember you read it here first!) One wonders too whether Rolls-Royce had an eye to the future when they named their latest model, the Bentley *Continental-R*. The £175,000 tourer looks likely to be the company's last new model before it falls into continental hands — probably BMW's — next year.

Finally, new research has confirmed what we have all long suspected, namely that bicycles are the cause of global warming. Top boffin Prof Adrian Motorist claimed recently that a cyclist breathes out more carbon dioxide than the exhaust of a GTi, and sweats a lot too which isn't very nice for the rest of us. Surprisingly, this information isn't in our enemies' bible — *The Green Car Guide* (Merlin Press £7.99) — so you're probably better off putting the money towards next year's *Mayfair* subscription, or a bigger, faster car. We're glad to see the lovely Tina's back — not to mention her front! But what's she been doing since we last saw her?

"It would be quicker to ask me what I haven't been doing," purred the beautiful blonde (40-26-36). "I've been working abroad for a while, selling my melons on the

beach in the south of France, and collecting obvious suggetive remarks about them. Things like 'Are they juicy, love?', 'Give us a squeeze of them?' and 'Can I suck one to see how sweet it is?' To which my usual reply was 'Only if I can nibble your plums!'

"I didn't sell many melons but I did meet plenty of hunky blokes and spent every night in the disco with a different one. And guess what? Some of them did have nice plums too!" Ⓜ

HARD JOURNEY

While travelling up to London to give her boyfriend a taste of her pussy, horny girl Toni gets a little waylaid...

by Reed Manning

"I wish you were here," Rick said. "I wish I were there, too," she replied wistfully. "But we've got the weekend."

"I suppose so," he sighed. But the sexual heat remained throughout the conversation. As soon as she hung up, Toni knew what she had to do. Her man was horny, and she was so wet she needed fresh panties. So what if it was Tuesday? So what if he lived in another city?

She called the office. "Tell Mr Davies I'm taking the day off," she told the answering machine. Then, checking the train schedules, she saw she could get to London by ten. Perfect.

She reached for the phone to call Rick, and let him know she was on the way, and she paused with his number halfway punched in. A wicked smile lit up her fine features. No, she wouldn't call. She'd surprise him. What man didn't dream of a hot and horny girlfriend showing up at his apartment out of the blue?

She packed her bags and caught a taxi down to the station, virtually prancing into the train when it arrived. Choosing the emptiest carriage, she settled down and buried her nose in a book

"Toni? Is that you?"

Toni nearly jumped out of her seat, interrupted just as two of the characters in her dirty novel were climaxing. A man was peering at her from the seat across the aisle.

"Martin?" she asked.

He smiled, and extending his hand she shook it weakly, a bit dazed. Martin from her old school. Martin who'd helped her with her chemistry exam. Ten years had certainly ironed out his awkwardnesses.

"Going to London?" he asked.

"Um, yes," she said, exchanging pleasantries. He asked about a few mutual classmates, and then he gracefully went back to his newspaper, and she to her book.

A chapter later, though, she had become intensely aware of the plastic seat pressing hard against her. The book was really good, her images of what she'd do to Rick were really good, and the presence of Martin wasn't helping either.

She was in serious distress. Something hard under her was not enough. She needed something hard inside her.

"Excuse me," she told Martin. She rushed back to the ladies and locked the door.

She took her skirt off and hung it up. Reaching into her overnight bag, she took out her vibrator. Her legs quivered in anticipation.

She sat down on the little bench and placed the vibrator against her clitoris. Closing her eyes and tilting her head back, she let out a deep sigh of relief. The pleasure was nothing, though, compared to what she would feel once she had it inside her. The vibrator descended, disappearing inch by inch into the folds of her pussy.

She imagined a cock sliding in, a nice fat, thick cock. One that would stretch her wide. One she could get a good grip on.

Her breathing deepened, and as her hips began to buck, the orgasm was all but inevitable. Suddenly she realized someone was watching her. She hadn't locked the door properly after all. There, in the small gap between the latch and the frame, Martin gazed in.

Her instant impulse was to slam her legs together and shut the door. But instead, hardly believing what she was doing, she gestured him to join her in the little compartment.

He stepped in and closed the door, checking twice that this time it was locked. He stared bug-eyed at her. She slid the vibrator out of her pussy and unzipped him. From out of the folds of his boxer shorts emerged a thick, fat cock, already oozing pre-come.

"I see you've been watching for a while," she murmured, tugging at his cock.

"Listening," he said, and pressed forward. His dick slid right up into her.

"Oh!" she moaned, grinning from ear to ear at the fit.

He pumped her hard. Anyone passing would surely know what they were doing. The thought made Toni even more excited. And it felt so good!

Martin took hold of her by the upper thighs and pulled her into his thrusts. The warm, blunt end of his cock nudged her cervix on each stroke, sending deep pulses into her belly. She grabbed him by the tie and pulled him down into a long, dirty and passionate kiss.

"Her hips went into overdrive around his cock, milking him dry"

"You don't know how much I dreamed about this, Toni," he whispered into her ear when their lips finally parted.

"Me too!" she gasped. Suddenly this was not just a quick fuck; it was the culmination of years of lust. Toni liked that. It sent her right over the top as fire gushed into her crotch.

"Oh Christ! I'm coming!" Her hips went into overdrive around his cock, milking him. Deep in an orgasmic faint, she heard his breathing suddenly shift, and knew that the hot convulsions coming up from below weren't entirely hers. Any remaining friction vanished, overtaken by whipped cream softness. Savouring the afterlude, she didn't open her eyes until his last sigh.

She put away her vibrator, stood up, and slipped back into her skirt. Checking no-one was around to see them both, they scuttled along the corridor and back to their seats. She worried they would fall into an awkward silence, but Martin was not the withdrawn type he'd once been. He kept up his end of the conversation so well that when the time came to disembark, she could hardly believe they'd reached the station.

"I've got a car waiting for me," he said, as she raised her hand for a taxi. "I could give you a lift."

He'd already given her a lift, she almost said. "That would be great!"

It was not only a car, it was almost a limousine. "Wow," Toni said. "Wish I could afford something like this."

"It's only expense account stuff. The company picks up the hotel room too," he smiled, and hopping in the car, they were off.

Inside the car, she leant over to her lover.

"Martin..." she said, almost too softly for him to hear. "Will you fuck me again? In the car?"

He swallowed. "Again? In the car?"

"I want you," she said huskily. He grinned and parked the car in a backstreet. They locked the doors and clambered into the back.

He *was* a sweet man, she thought happily, as she climbed off his prick some time later. Her pussy glowed with well-fucked warmth. How many times had she climaxed? She couldn't remember. Sweat pasted down her camisole — the one item of clothing she still wore.

Hungrily she went down on him. The rich taste of her own pussy greeted her. She sucked the juices off, guiding him in and out of her mouth, while her one free hand stroked his balls.

He was still clothed, except for the trousers and shorts around one of his ankles, and the loosened tie. Toni liked him that way — it was proof that they were so horny, they couldn't wait to disrobe.

The windows had long since fogged up, but enough light remained for Toni to read Martin's happy-little-boy expression as she sucked him.

His cock was throbbing now. Saliva was frothing along her lips. This was it, she could tell. She'd teased him, she'd fucked him hard with her cunt and her tits and her hands, and now her mouth was going to finish him off.

"Toni!" he bellowed. Hot spunk exploded into her throat. Eagerly she swallowed it. He spurted until nothing more remained. But still she pumped, and still his hips remained poised off the seat. Neither one wanted the sensations to end.

Finally, his muscles gave out. He sagged down onto the seat. They'd been fucking for so long that his cock wouldn't go down right away. She took advantage of his state by climbing back onto the saddle, keeping him inside while they wound down slowly.

"You can be my chauffeur anytime," she murmured.

At the entrance to Rick's building, as if by magic, they found a parking place. Toni, just done brushing her hair, carefully applied new lipstick.

"Christ! I look like I've just been fucked in," she said. "Rick will know. I'll need a shower as soon as I get inside."

Martin looked at her wistfully. She blushed. "I know. Bad form to talk about my boyfriend in a lover's car."

A lover's car. What a nice ring that had to it. She glanced up at the weathered, dilapidated building. Definitely not as nice a place as this car.

As she looked back, she saw that Martin had a pen out and was writing something. He held out a business card. "If you ever feel like getting in touch..." he said.

She took the card, but held it guiltily. It had his hotel name and room number scribbled on it. "I... don't think I ever can, Martin."

"That's all right," he said, clearly lying. "I understand. Thanks for everything, then."

It had been only twenty minutes since they'd left the alley, but already the flutter had returned to her belly. "Martin, would you ride up with me?" she asked suddenly. "I don't want to get in that lift this late at night all by myself."

She told herself she only wanted one last kiss, one last hug, a little company. But just before they reached Rick's floor, she pressed the emergency stop.

"Hey, what...?" Martin asked. Any further comment was muffled by her mouth as she pressed hers to his.

Her hands artfully slid his trousers and shorts down to his thighs. One hand hefted his cock. It was already growing. She knelt suddenly and licked it up and down its length until it was as hard as if he hadn't spent half the evening fucking her.

"I really do have to say goodbye and forget you," she said. "But if this is it, then I want a proper send off." She wrapped her lips around him, gave him ten seconds of her best head, and got on her hands and knees in front of him, pussy high and ready for him.

Toni sighed dreamily as the elevator doors closed. It was over. She'd quite possibly never been laid so well, but, yes, it was over. Despite tonight's exception to the rule, she was a one-man woman. She turned and walked down the corridor.

And yawned. God, what time was it? She glanced at her watch. Almost two a.m.

She gnawed on her lip. She wasn't sure she could stay awake to fuck him, much less be capable after the sessions with Martin. That would certainly be an ironic end to the night she'd originally planned.

But she was a woman of her word — even if she'd never promised anybody but herself what she would do. She turned into the entrance to Rick's flat. She raised her knuckles to knock, and heard sounds drifting through the crack under the door. Distinct, unmistakable sounds of enthusiastic sex.

That bastard. That two-timer. That...

She caught herself before she kicked the door. What was she thinking? She was standing there, with another man's spunk practically rolling down her legs, arguing fidelity. The moans of the woman inside reached a fever pitch. "Oh, Rick! Oh, Rick!" she cried.

Toni pursed her lips. The girl was obviously having a better time with her boyfriend than she'd ever had with him. Stepping back from the door, she scooped her clothing off the floor. In her coat pocket, she found the scrap of paper she'd been so recently given.

Fate was just giving her a helping hand this evening.

A fond smile blossomed on her face. She wondered what Martin would look like with his clothes off. Ⓜ

"That was music to lie on the back seat of a Chevvy and screw to all night long! I know it sounds corny but I like to get dressed up in all the gear — short skirt, bobby socks and cotton knickers — and drive with a guy out to a quiet country lane. Then we both jump in the back and have a really good grope, french kissing while he feels my nipples for the first time and I rub the bulge in his jeans. That's when the windows start to get steamed up!

QUEST

THE LABORATORY OF HUMAN RESPONSE

'The best part of breaking up is when we're making up', is how the old song goes — and a reunion certainly seems to spice up the sex lives of *Mayfair's* readers! This month, we talk to three women for whom sexual reunions have proved a revelation...

PERSONAL FILE
Name... Mrs G
Age... 26
Sex... Female
Town of origin... Stourbridge
Other details...
This young housewife split up with her husband before their marriage. Both were then dating other partners when their reunion occurred.

Quest: How long had you been dating your boyfriend (now your husband), when your split occurred?

Mrs G: We'd been together for about three years, and our relationship was in a bit of a rut, to be honest. Especially sexually. We weren't living together then, and so the opportunities for sex weren't as frequent as they might have been, and we just got out of the habit of being inventive with sex. I was still living at home and Dave was living with three friends from college, and so we were always a little crowded, if you see what I mean.

At the beginning of our relationship, we'd make sure that we spiced things up by having sex in the open air, or in the car, or sometimes even sneaking off into a spare bedroom at parties for a quickie! Just knowing what was in Dave's mind as we'd drive down country lanes in his old Allegro, my hand gently resting on his crotch, fondling him as he drove, knowing that in minutes I'd have his hot shaft in my hand and be pumping it up and down, slowly at first but then faster and faster until his hot come splashed out into my palm made me feel very sexy.

We used to have some of our best sex in that way, kind of sneaky and secret, but as often happens when you start dating someone at a very young age, we split up when we were both 22. Not for any reason really, other than that we both wanted to start experimenting with other partners — though I have to confess that Dave was more keen on that idea than I was.

Quest: You didn't see Dave for a year after your split, did you?

Mrs G: No, as we lived in different parts of town it wasn't difficult for us to not bump into each other. I just moved on, and in fact I'd been seeing another guy for about six months when I met Dave again. It was at a friend's birthday party at her house: I didn't know that Dave was going to be there, and I certainly didn't bargain on my reaction to him when I saw him.

My cunt went all moist and hot, and I started trembling all over, my nipples poking out through the front of the silk dress I was wearing, homing in on Dave as he stood at the opposite side of the room to me. He was talking to a girl who was obviously his new girlfriend, but I didn't care about that: all I was bothered about was getting him into a bedroom and straddling his cock to ride it until I was screaming for him to let me come.

You should have seen us when our eyes finally met across the room: he had obviously been able to feel my eyes devouring him, my hot fantasies communicating themselves to him. I could see his cock lengthening in his pants as I stood there, and he made no attempt to hide it, thrusting his crotch out in front of him as if to say, "Here's my cock for you — come and take it!". I knew that it was just a matter of time before he dragged me up to the nearest bed and parted my soaking cunt lips to fuck me. Believe me, I've never ached for sex as much as I did then.

I made my move when I saw his girlfriend heading for the loo — as usual at parties, the queue was massive and I knew she'd be out of the way for a good 20 minutes. We didn't even have to speak to each other; he just took my hand and we almost ran out of the room. However, to get to a bedroom we'd have had to pass his girlfriend on the stairs, so I pulled him towards the back garden and into the shed at the bottom of the path!

Almost before we'd got through the door and wedged it shut, my panties were down around my ankles and my dress pulled down at the front, exposing my breasts bulging out of my bra, my nipples painful and swollen. I leaned against the door as Dave struggled out of his jeans, rubbing the palms of my hands over my nipples, tweaking them so that they stood out proud from my firm little titties. I was panting like an animal, my knicks were in a sodden heap by my feet, and I'd never felt as randy in my life!

"What's happening here?" Dave murmured as he took first one nipple and then the other

between his lips, teasing the peaks as he kneaded my titty-flesh with his hands. "I haven't had a hard-on this big in years."

I could feel the tip of his helmet pushing into my stomach as we ground our pubic mounds together, a trail of his pre-come spreading over my skin. More than anything, I wanted to feel that cock inside me at that moment.

"Get on the floor," I panted to

him. I could hardly breathe with the excitement I was feeling. "I can't wait to fuck you, Dave!"

I didn't care that the floor of the shed was filthy — it couldn't be as dirty as the thoughts I was having about what to do to Dave! Pushing him down on to his back, I stood over him with my legs parted, showing off my soaking cunt, then pulled my dress up around my waist and lowered myself on to his throbbing cock.

It seemed as if I could feel every inch of his length sliding up inside me, and I didn't care a hoot about the dirty squelching noises that our fucking motions made as I rode Dave's cock. All I could concentrate on were the orgasms that were gushing through my cunt, each one more powerful than the last. I couldn't think when I'd last felt this aroused and I gritted my teeth as the intense climaxes almost made me pass out.

Dave was holding my hands and I was gripping him so tightly as I climaxed that I was hurting his knuckles. "Hurry up and come," I urged him. "I want to feel your come inside me."

Dave sat up then, and pressed his chest to mine, still staying inside me and still keeping up his fucking motions as he got closer to his own orgasm. We were both covered in a sheen of sweat, and I could barely get my breath. When he groaned and shot his come into me, I came again myself, and it really was a great climax that we both had, Dave bucking up against my cunt for all he was worth.

We just stayed there locked together for what seemed like hours. I could feel his come oozing out of my cunt, coating his balls with his own juices and my own. The more I thought of that, the more I wanted to taste the delicious brew, and before Dave had recovered from his orgasm, I'd pulled myself off his cock and was crouched between his thighs, cradling his balls in my palms as I took his sticky shaft into my mouth.

"I could feel his come oozing out of my cunt, coating his balls with his juices and my own"

I was gazing right into Dave's eyes as I did so, just as I remembered he used to like it, and I worked my tongue up and down his length, pulling the foreskin back and forward to expose his lovely purple knob. I licked all the way round it as if it was an ice lolly, then took it right into my mouth so that I could savour the delicious taste of both my come and his, combined together. Dave's cock still wasn't fully hard again, but as I worked it with my mouth, I could feel the veins filling up again and I knew that I was going to be swallowing another delicious load of his spunk in a few moments' time.

I started urging him on with some dirty talk. "I want you to come in my mouth, Dave," I told him. "I want to taste your come." And to encourage him, I reached down between my legs and scooped up a few fingerfuls of the come he'd shot into me, licking it off my fingertips as he stared at me in excitement. I'd never been this brazen when we'd been together before.

Then I really set to on his cock, sucking it frantically to make him come, to let me taste his spunk. He just lay back and really let himself go, closing his eyes and panting as he struggled to hold back as long as possible. Because he'd only just come it took a fair while, and I relished every second of it, my tongue smoothing over every inch of his cock and balls. When he finally let go and shot his come into my mouth, I made a great play of swirling it around between my lips before swallowing the lot, licking my lips afterwards the way I've seen the blue film actresses do.

That night we left the party straight away, hardly stopping to even straighten our clothes. Dave just whisked me back to his place and fucked me until I couldn't stand it any more — I was practically begging for mercy, and I was loving it!

There was no question that we weren't going to get back together after that. And we've been together ever since, even getting married a couple of years ago. I don't know what would have happened if we hadn't split up in the first place, but I'm glad that we did, because I'm sure that we'd never have discovered our sexual potential if we'd just plodded along.

Quest: Thank you.

QUEST

THE LABORATORY OF HUMAN RESPONSE

PERSONAL FILE
Name... Miss T
Age... 21
Sex... Female
Town of origin... Cheltenham
Other details...
This student teacher has a very stormy relationship with her boyfriend, which has resulted in a tempestuous but very exciting and varied sex life for the couple.

Quest: You've been quite honest with us about the fact that you and your boyfriend have a very mercurial relationship: how does this affect your sex life?

Miss T: Terry and I are always rowing — we'll have an argument about virtually anything and everything. It's just that we're both very fiery people, and that's not only reflected in our day-to-day life but very definitely in our sex life too. I must admit that sometimes I'll actually instigate rows — because I know how much of a really good screwing I'm going to get afterwards!

Quest: Would you like to give us an example of this?

Miss T: I can think of quite a good one which happened about six months ago. Terry's parents stay in the country about 60 miles from where we live, and one Sunday afternoon we'd been over there to visit them for the weekend and were coming back in the car, driving the scenic route. It was a fairly busy road but surrounded by lots of trees and fields, very pretty.

Anyway, I don't know quite why I picked that moment, but I started niggling at Terry, asking for a row really. I know just how to rile him, and soon we were having a blazing row in the car, me shouting and yelling at the top of my voice and Terry getting all huffy and cross. I love it when he gets angry, it really turns me on to see him struggling to hold on to his temper.

The result of this was that I demanded that he stop the car that instant, that I wanted to get out. We were only about a mile from home anyway, but I didn't really think he'd do it. I was flabbergasted when he actually *did* stop the car and told me, "Go on then — get out!"

Calling his bluff, I did, and started stomping off down the road before he could stop me, my heels clicking on the tarmac. I was wearing a tight red dress, and I knew that every male driver going past would be getting a good view of my shapely bum as I stomped on.

I'd actually walked about 200 yards before Terry's car sped past me, which both surprised and excited me. I can't explain why I was aroused, but just the whole build-up of the row was really turning me on. I could feel my nipples hardening and rubbing against the lacy material of my bra, and I started to get that warm damp feeling between my legs as I walked. I was breathing very hard too, and dirty fantasies started running through my head of what I was going to do to Terry when I got hold of him, like make him drive me home while I gave him a hand-job, pumping his shaft up and down until his sticky come spurted out into my hand, or even sucking him off right there in the front seat.

By the time I got to the next lay-by and realised that Terry had parked the car there, I was really turned on. My pussy was tingling with little climaxes, and the way Terry was looking at me as I walked towards him made me certain that I was in for a really good seeing-to in the not too distant future.

"Had enough yet?" Terry grinned at me as I came up next to the car.

"Not nearly enough!" I retorted, and grabbed him, Next minute we were in a passionate embrace next to the car, all hands and tongues everywhere, Terry's fingers probing up my skirt to push aside my pantie gusset (which was soaking wet) to frig me as I writhed wildly against him.

A wicked thought came into my head as my hands rested behind Terry on the warm bonnet of the car. "Fuck me," I whispered to him. "I want you to take me on the bonnet."

Not caring about all the drivers who were going past, Terry leaned back on to the bonnet and unzipped his jeans, pulling his stiff cock out of his boxer shorts so that I could grasp the length of it and run my fingers up and down the shaft. Already I could feel he was close to coming.

There were no preliminaries. I just clambered aboard his cock as he leaned back over the bonnet and pushed my pantie crotch aside so that he could enter me. He was inside me with one thrust, and I spread my knees on the warm bonnet so that I could take every inch of him. Then I started riding him hard for all I was worth.

There were drivers honking their horns madly as we openly fucked, but I didn't care if anyone saw us: in fact, that just added to the whole thrill for me! I threw my head back and practically howled as I had my orgasm, my juices leaking out from between my swollen cunny lips and coating Terry's hairy balls.

What a sensation when he shot his hot load right up into

me! I've never felt anything like it, and the car was rocking like mad from side-to-side as Terry drained himself in me.

Quest: That was clearly an unusual situation for you, in that you were having sex in public, but you've often used rows as a catalyst for sex, haven't you?

Miss T: Do you want another example?

Quest: Yes, please.

Miss T: It's really turning me on thinking about these events, you know, and talking about them knowing that thousands of men and women out there are going to read them and be turned on by them too. Let me think, there are hundreds of times to choose from...

There was one occasion when we had been out at a party, and I was really annoyed because a very pretty ex-girlfriend of Terry's was there. I didn't like her much and I was angry when Terry spoke to her (I'm a very jealous person!), so I decided that I was going to pay him back by flirting outrageously with a good looking guy who was there who I knew fancied me. I really did my worst, thrusting out my boobs as I spoke to him, standing rather too close for comfort and batting my eyelids madly, all the usual female sexual ploys.

Of course, Terry was jealous as hell — he took it for about half an hour and then he just exploded, practically dragging me out of the party and back to his place in a taxi. But although he was completely livid, I could see that he was also very turned on by the fact that another bloke had fancied me: the bulge in his jeans gave that away! And knowing he was aroused turned me on too.

In the bedroom I really let fly, accusing him of being jealous of me being attractive to other men, but Terry gave as good as he got, asking what I thought I was doing practically fucking that other guy. Knowing that Terry was jealous and that his rage was just his way of showing that, drove me into a sexual frenzy. My cunny was almost foaming, I was so excited — and Terry could hardly believe his luck when, right at the height of the row, I started tearing my clothes off!

I just couldn't wait to be naked and feel Terry's lovely cock in my hot pussy. All my clothes were dropped carelessly to the floor as I started pushing Terry on the chest, so that he was heading backwards towards the bed before he knew it.

When the backs of his knees hit the bed, he fell on to it — which meant that I could fall on him and pull all his clothes off before he had the chance to object! He was naked in a trice, and fully aroused by the sight of my bare boobs bobbing up and down as I panted, mounting the bed and straddling Terry's thick cock urgently, guiding it inside me with my fingers, which soon became sticky with my own come as I left them there, just flexing my pussy muscles around Terry's length as I pushed it in and out of me manually. With the other hand I gently massaged his heavy balls, all stiff and full of come, and when he came inside me, all it took was that hot stream of spunk and I was off, the force of my pent-up orgasm making me yell loudly enough to have Terry's neighbours banging on the walls from next door!

I don't think our relationship will ever change — we'll always be having rows and always screwing when we make up after them. I was never like this with any of my previous boyfriends — it's just that Terry's got exactly the right sexual spark I need to arouse me to fever pitch. It arouses a lot of other emotions too, but they just add to the sexual spark.

Quest: Thank you.

This architect has a high-powered position and a sex drive to match. She found that her love life with her current boyfriend was dramatically improved when she had sex with a former lover.

Quest: How long have you been with your current boyfriend?
Miss D: About a year. We met when I did a client presentation at his company. The sparks flew and we became lovers almost right away. It was all I could do to keep my hands from tearing my clothes off there and then and doing the same to his business suit, letting it fall to the floor while I dropped to my knees to suck his cock.

However, although we've been dating since then, our jobs are so busy that we don't find it easy to get together, which has made our sex life suffer somewhat. As I told you when I was approached to do this interview, I have an incredibly high sex drive. Sex is like an addiction to me. I have to have it, or I get very ratty. I always masturbate, but there's nothing like sex to relieve the tension after a hard day at the office.

So because of our careers our sex life was in a bit of a decline, though we were both still committed to the relationship. I was feeling restless, and when Gerry went off to a conference abroad for a fortnight I thought I was going to go mad. I armed myself with my trusty little silver-tipped vibrator and settled in for two weeks of frustration.

However, that all altered when I went out for a drink after work with some colleagues — who should I spot across the room but an old flame of mine from college, Lee.

I knew that we were going to end up in bed as soon as our eyes met — the heat in my pussy told me that. We'd always had a great sex life during our relationship, and he'd always known how to arouse me to the point of speechlessness.

It only took him a few moments to make his excuses to the people he was with and then make his way over to me. In ten minutes we were out of there and he was wining and dining me in a nearby restaurant.

All through the meal he was stroking my thighs under the table, whispering how he loved the feel of my silky stockings under his fingers, and how much he wanted to undress me slowly, his fingers caressing and exploring every inch of my body. I couldn't believe he was seducing me like this in public, but I couldn't stop my hand from reaching down and slowly stroking his balls through the material of his suit.

That was it for me. I told him that we had to get out of there or I was going to have a very public orgasm — and the way Lee's breathing had gone heavy made me certain that he was feeling the same way I was. We didn't even have the strength to get back to my flat — instead we walked to a hotel in the next street, and while Lee was making the reservation on his credit card I rushed up to the room, almost tearing my clothes off in the lift.

When he finally came into the room I was waiting for him on the bed — I think he'd planned it that way — wearing just my sexy pink lingerie, French knickers and suspenders, and a little lacy bra that showed off more of my titties than it contained. Posing provocatively, there was no way he'd be able to resist me.

And naturally, he didn't. He was naked next to me in seconds, his cock pointing right up to his navel, he was so turned on at the thought of fucking me again. My pussy was so wet, I was desperate for him. I reached down and pulled off my knickers, pushing Lee's head down so that he could tongue me the way I love. Soon his face was coated in my juices as he licked at my love hole, his

"My pussy walls contracted around his tongue as he explored inside my juicy crevices"

tongue diving inside me again and again. I threw my head back on the pillows and moaned as I started to climax.

"Do it harder, Lee, up a bit higher," I instructed him. He was crouching at an angle to me, so that I could see his cock all stiff and swollen.

"Let's get into a 69," I panted. "You know that's what you always used to love."

The next minute I was groaning with pleasure as I took his knob between my lips to suck it, loving the salty taste which leaked into my mouth. I used the muscles in my throat to give him my special blow-job treatment, which gives a really hard sucking motion right the way down the length of the shaft. It's a technique I'm rightly proud of, and Lee's heavy balls were rubbing against my chin as he thrust himself inside my mouth as his arousal reached fever pitch.

I knew he was going to come in my mouth, just the way I was doing for him right at that moment, my pussy walls contracting around his tongue as he explored all my juicy inner crevices. I begged him for his come, but he held back as long as he could: when he did unleash his sperm, torrents of it seemed to shoot to the back of my throat, and I gulped it down eagerly.

There was no respite for me, though, as Lee's cock was still semi-hard despite his orgasm, and before I'd had time to recover he'd switched positions, easing his length inside my soaking pussy. Then he levered my hips up so that he could pull my legs up on to his shoulders — then he steamhammered into me for all he was worth.

By this time we were both covered with a fine sheen of perspiration, and our bodies were sliding together as we fucked. The moment when Lee finally came inside me was wonderful — I felt a rush of orgasm as my love juices welled up inside me and when I climaxed, Lee raised me up so that I was impaled on his cock.

That was just a one-night affair, as Lee had to return the next day and his wife would not have believed any excuses he could have made to stay another night. But it was more than worth it — especially because the effect it had on my own sex life was absolutely amazing!

Quest: What happened?

Miss D: I repeated the scenario, although with a few pertinent alterations. When Gerry came back from his conference, I made sure I was waiting at his flat, lying on the bed in yet more of my sexiest lingerie. Gerry couldn't believe his luck — although I do like to make a lot of the running sexually, I'd never done anything like that for him.

As he stood at his bedroom door, staring at the sight of me flaunting myself for him, I didn't let him stand idle for long. Sashaying up to him, I reached down and unzipped his flies, at the same time starting to kiss him, my tongue slicing in between his lips. Then I slid down his body so that I was on my knees in front of him, and took his cock into my mouth.

He gripped my head hard as I started to lick along the length of his shaft, so that I could take his penis back as far as possible in my throat, just the way he likes it. With one hand I reached up and fondled his balls, gently stroking them, encouraging his come to rise for me, and with my other hand I played with myself, stroking my clitoris, coating it with the juices that were leaking from my pussy. I was so wet I started to come as soon as I touched myself, and when he felt me come Gerry groaned and shot his sticky load into my mouth.

I didn't confess to him about having sex with Lee, but I did tell him that I loved being seduced properly, and that I'd found I liked being the seductress too. It's really revitalised our sex life — now I take the lead a lot more, and Gerry is so turned on when I do that he can't help himself, he just has to give me his come. Which is, of course, exactly what I need!

Quest: Thank you.

THE HORNIEST UNCERTIFICATED SCANDINAVIAN VIDEOS

IF you're one of those people who has tried in the past to get hold of really hard videos and always ended up with "18" certificate "soft" porn you could show your granny, I've got something very special for you:

Uncertificated, uncut, hard Scandinavian Adult Videos

And because of a loophole my distributors have found in the new 1992 open Europe importation laws, these explicit hot 'n' hard videos are legally available in this country for the first time.

I have personally watched every one of these films and I promise you I have never seen anything like them in my life.

They are **graphic, explicit,** hard videos of the highest quality. You won't be disappointed and you won't get better, and don't forget:

They are uncut and uncensored by the B.B.F.C.

Simply, this is true, hard Scandinavian porn. Don't miss out. The prices will blow your socks off—a fraction of what you would expect to pay for the hard stuff!

To get around import restrictions, I've had to offer these very special films in pairs and sets of four, but this will also reduce transport and handling costs, so they come to you even cheaper!

Order your copies of the hardest, most explicit, uncertificated videos at unbeatable prices and have a bonking good time.

AS well as these bargain sets of four films I can also offer you the following pairs of films. These are selling for a total of ~~£54.95~~ but you can have them for Only £11.95.

Pair A: **Rodox 21 and Rodox 28**

GENUINE oral group and lesbian sex action. It's fast moving, explicit and horny close-up shots of sexual relief, see it all in full colour.

You will not be able to buy anything else like this in the UK. Was ~~£54.95~~, now only £11.95.

Michaela

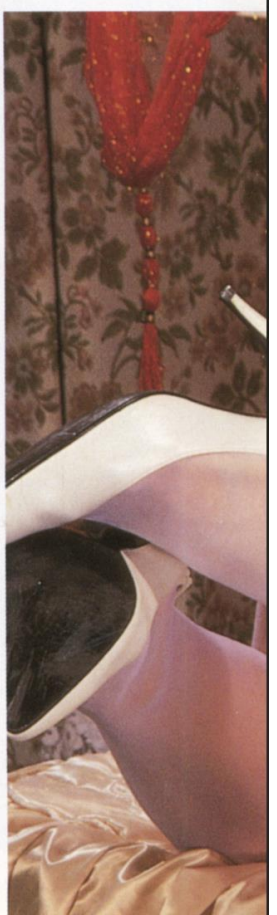
PHOTOGRAPHS BY RALPH MEDLAND

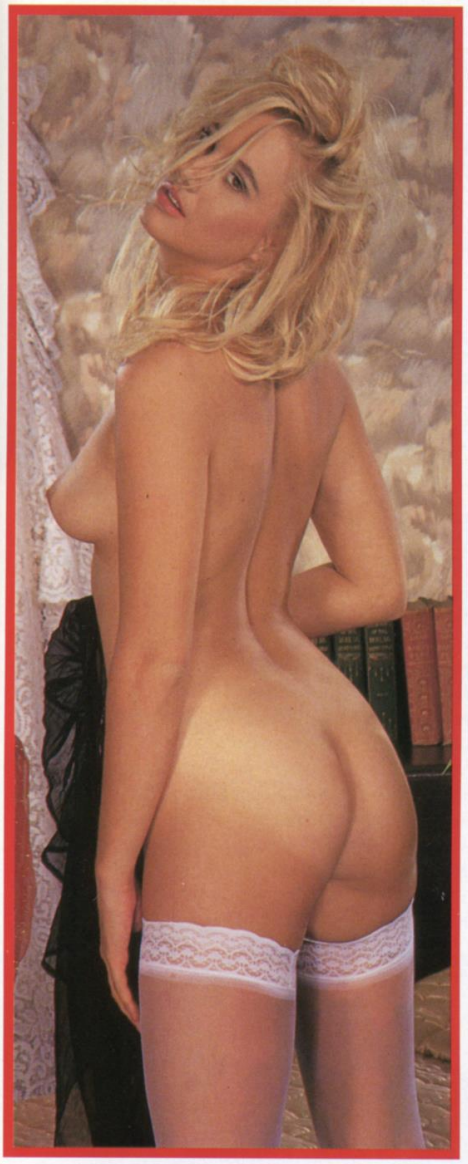
Funnily enough, Michaela's first appearance in a men's magazine coincided with her first experience of oral sex! "I don't know which I enjoyed the most!" laughs our 18-year-old Evesham girl (34-25-34). "Taking my clothes off for the camera, slipping out of my panties and exposing my bare boobs was like losing my virginity all over again

— but this time in front of an audience.

"I called in at a friend's house on the way home and told him what I'd been doing and how it had made me feel. The next thing I knew we were rolling around on the carpet, kissing madly and ripping each other's clothes off! But then came the best part. After a lot of feeling and fondling, he asked me if he could kiss me down there. No one had ever done that to me before so I was a bit hesitant but by the time he'd kissed his way down to my tummy and pubes I knew I wanted a man's tongue inside me for the first time...

"So thankyou *Mayfair* for opening my eyes — and legs — to a whole new experience!" Ⓜ





LETTERS

CONTINUED FROM PAGE 42

gave me a long look at her sizeable but still firm tits.

"Not bad for a 40-year-old, are they?" she said. "Feel how firm they are!" I stammered some sort of reply but she took my hand and placed it on her boob. She was right, and obviously my expression gave that away. She took that as encouragement and still holding my hand rubbed it over her boob and then held it so I could feel the weight of her remarkably well preserved right tit. I suppose I should have made an excuse and left. Instead, I made a mental excuse to my girlfriend and stayed.

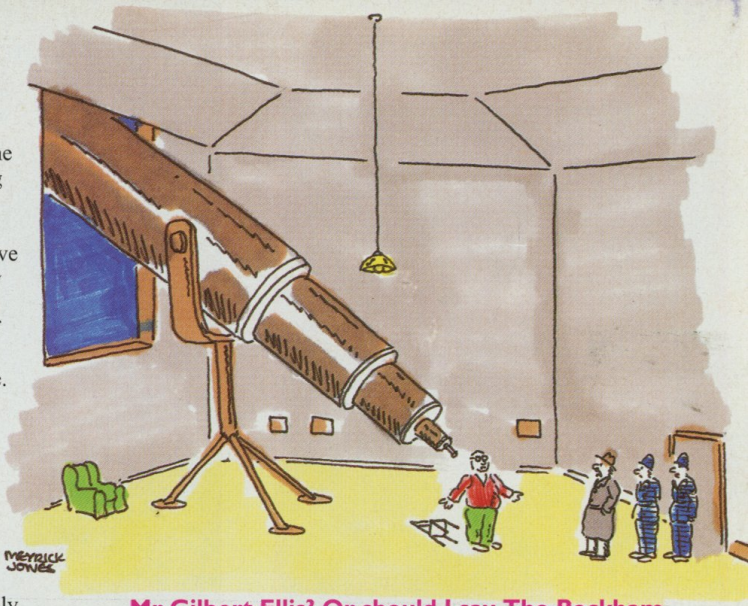
Suddenly she was kissing me hard, her sharp tongue pushing between my lips. Her hands were still guiding mine over those boobs but now she was pulling me on top of her as well so we slid onto the floor. Her mouth was sucking at mine like a sink plunger, and her hands were now forcing their way inside my baggy official grey trousers. As she grabbed at my cock like a starving man at a hot dog, unzipping my flies and shovelling it through the gap, I knew that I was about to have the fastest most frantic fuck of my life!

She ripped her own knickers off revealing a well trimmed black pussy that was slick with her juice. She took my cock and slid it into her as easily as a well greased piston goes into a shaft.

"Fuck me, fuck me!" she cried breathlessly. "I need you to fuck me!" I didn't really have any choice in the matter. Her snatch had me gripped like a vice so I started pumping away. "Harder, harder!" she cried, so I did my best. Soon her mane of black hair was lashing from side to side and those boobs bucking away as I shafted her. She started screaming and shouting, and I was getting worried that the whole neighbourhood would hear, but it didn't last long. With an almighty screech she came in a shuddering orgasm that rattled the china on the Welsh dresser! Then her cunt started draining every drop of come from my cock with the best muscular action outside of a Stallone movie.

I was exhausted, but she soon had me tidied up and on my way. I emerged sheepishly thinking the whole street must have heard us on the job, and knowing that my first delivery was about to be overtaken by Sid's second one, so I hurried down the road as fast as possible. Little did I know that she would collar Sid too.

In the pub later I learned that Isobel was famous for fancying postmen and most of them had obliged her at least once. Her hubby had worked for the post office and left her for a younger woman but she still couldn't resist men in the uniform. So who says milkies have all the fun? — Stan, London. Ⓜ



Mr Gilbert Ellis? Or should I say The Peckham Peeping Tom?

Next month in Mayfair

Charmaine, I'm sure! The big-boobed babe from Birmingham stars with and without her bra in the new, and possibly rudest, nudest Christmas Mayfair ever seen. Don't start your celebrations without her!
